LEGION BULLETMASTER DOOR

Protect your property, personnel and assets

- ▶ BUILDING PROTECTION
- ▶ ASSET PROTECTION

The Legion Bulletmaster Door set is a unique product. It has many special features not found on conventional security door sets.

Used by many banks, cash offices and in panic rooms the Legion Bulletmaster Door is the ideal product to protect personnel and your high value assets.

To date, we have manufactured and supplied over 1,000 door sets to banks, building societies, housing associations and retail outlets.

A fitting service can be provided nationwide.

Lighter weight than conventional bullet-resistant doors, the Legion Bulletmaster Door can be manufactured to your individual specifications, size, finish and protection level requirements. They can be

fitted with any rebating locking system without compromising its bullet-resistance capabilities.
